

Reykjavík, 4 June 2017

Dear Mayor Khan,

On behalf of the people of Reykjavík, I offer my sincere condolences following the shocking attacks in London last night.

As before we stand together for free and just, democratic and tolerant communities against senseless acts of hatred and violence, as we have witnessed in London.

Our hearts go out to the victims of yesterday's attack, their families and friends, and the entire community of London.

Dagur B. Eggertsson

Mayor of Reykjavík
