Ms. Heiða Björg Hilmisdóttir
Mayor of Reykjavik

Dear Mayor,

Dear Colleague,

In my name and on behalf of the City of Lisbon, I want to express my deep gratitude for your kind words and support during this difficult moment of pain and sadness that we're all facing.

This unprecedented tragedy has been overwhelming for the city of Lisbon, our citizens and for the families of the victims and your message brought a sense of comfort and solidarity that I deeply appreciate.

It is comforting to know that we are not facing this tragedy alone, and your compassion means much to me and to all who have been involved, especially those that have been affected. While we continue to navigate grief and pain, the solidarity and kindness of the community and friends offer a glimmer of hope and the strength to go ahead.

Thank you again for your thoughtfulness. It is moments like these that remind us of the importance of community, and I am grateful to have you by our side.

Reiterate my sincere gratitude for your kind words in this moment of sadness, please accept, Dear Colleague, my best regards.
