

Reykjavík, 21. April, 2017

Happy summer, dear parents!

### **Information on summer activities for children and youth**

This summer a diverse selection of entertainment and education will be available for children and youth in Reykjavik. Information about these summer activities may be found on the leisure activity website [www.fristund.is](http://www.fristund.is), that is on the activities offered by leisure centres, sailing courses, summer camps, sport courses, riding lessons and a lot of other available activities.

### **Registration**

Registration for the summer activities of the leisure centres (summer leisure), specialized leisure centre activities, sailing courses in Siglunes and the animal course at the Reykjavik Park and Zoo starts **Tuesday April 25<sup>th</sup> at 10:00** but registration for summer workshops for children finishing the 5-7th grades starts **May 16<sup>th</sup> at 10:00**.

Registration for summer activities by Reykjavík City takes place through the leisure website – [here](#). Please note that Íslandslykill (Iceland key) is used for log-in through island.is so you need to have electronic identification.

Registration for the leisure centre summer activities, specialized leisure centre activities and a sailing course must be registered before 12:00 on Fridays if the child is to start the course the following Monday. Registration for the animal course must take place on Wednesday in the week before the course begins. Parents are reminded of registering their children in time since the courses can fill up quickly.

If parents are not able to utilize the electronic registration they can get assistance with registration at [the city's leisure centres](#) (preferably before noon). It is not possible to register children in Reykjavík's summer leisure through the phone but it is possible to seek guidance over the phone at the cities service desk at 411-1111 if parents are sitting by a computer which is connected to the internet.

Registration for summer leisure activities with anyone other than the City of Reykjavík takes place with that organization/person.

With hopes of a prosperous cooperation  
The Department of School and Leisure and  
The Department of Sport and Recreation
