INVITATION TO THE CONFERENCE OF THE NORDIC CAPITALS

Dear Mayor,

The next Conference of the Nordic Capitals will be hosted by the City of Helsinki from 16 to 17 February 2017 (from lunch to lunch).

The main purpose of the conference is for mayors, politicians in the city councils and senior city officials to share experiences as well as maintain and deepen good relations.

According to the guidelines set at the planning meeting in Copenhagen in June 2016, participation in the conference is limited to approximately ten delegates from each capital and five delegates from the capital cities of the self-governing areas. Each city covers its own travel and accommodation costs.

The conference topics will focus on sustainable urban development, democratic sustainability and smart Nordic cities. We suggest as theme for the conference "Open Cities – The Nordic Way" and welcome suggestions regarding speakers and topics.

We will send a detailed programme in the near future. Nevertheless, I ask that you mark the dates in your schedules already now.

Yours sincerely,

Mari Puoskari
Chair of the City Council

Jussi Pajunen
Mayor of Helsinki
